

FIELD AERATION EQUIPMENT AVAILABLE FOR USE IN ORLEANS COUNTY.

Please Register with Sarah Damsell, Orleans County Conservation District Manager.
802-334-6090 x7008 or sarah.damsell@vt.nacdnet.net

- Experience the Aerway this spring to reduce compaction while increasing soil health and crop yields by improving water and nutrient filtration.
 - Program resources and incentives payments available to you.
-

**The Orleans County Conservation District will has one soil aerator tiller for rent.
Rented on a first come first serve basis at rate of \$6/ac.**

- The aerator can be used on corn, hay and pasture land.
- You may apply for incentive money through the Vermont Agency of Agriculture's Farm Agronomic Practice cropping and tillage program for a possible reimbursement of up to \$12/ac. If you chose to apply for this grant money liquid manure will have to be applied after using the aerator and the rental payment to the district will still apply. This is a first come first serve program.
- The aerator is 20ft wide that can be pulled with at least a 120Hp tractor.
- It is the responsibility of the farmer to transport the Aerway, which requires a one ton truck with a pin hitch.
- Each farmer will have the equipment for two-four days. (With weather exemptions)
- It is the farmer's responsibility to maintain the equipment and to address any preventable damage and repairs.
